ON THE FARM...

Fetching the cows from the wooded pasture for the evening milking the other day, we were greeted by an unusual sight: newborn twins, heifers. More than that, one was black and white and the other, red and white. While twin heifers are hard to come by, having one of each color scheme is extremely rare. The new mother is black and white, while her mother is red and white, as was the service sire. Thirty-two calves have been born on the farm since March 1st.

Due to wet spring/early summer field conditions, our corn crop wasn't planted until mid-June. July hail damaged the leaves, but it has rebounded and is in the silk stage. Rain and warm sun are both beneficial in helping it reach maturity. June rains made putting up first crop hay challenging. Second crop looks more promising and hopefully will result in better quality forage for the cows.

Pat and Shar Daninger

STATE FAIR TIME!

Recently, our family exhibited cattle at the Washington County Fair, a yearly tradition. Mariah is shown with her cow "Princess". Mariah and Princess will be at the Mn State Fair, Thursday, 8/22-Sunday, 8/25 with the Washington County 4-H dairy exhibit in the dairy barn.

FARM CITY DAY 2013

A GREAT SUCCESS! THANK YOU!

Over 1,000 people visited Autumnwood Farm for Farm/City Day on June 28th. Although early morning rain appeared to threaten the festivities, we were blessed with a beautiful sunny day. Hayrides, baby animals, milking demonstrations, tours and food sampling were among the afternoon activities.

Picture of farm/city day with the child was taken by Alex Murdock
